MEMORANDUM FOR THE RECORD

SUBJECT : Concurrence in Amendment No. 4 to Contract No. SC-58 with Lockheed Aircraft Corporation, Burbank, California, **DIEMERD 1B(AF) Project AQUATONE (AIR FORCE)**.

1. This memorandum contains a recommendation submitted for approval of the Project Director. Such recommendation is set forth in Paragraph 6.
2. Contract No. SC-58 provides basically for the furnishing of technical representatives for the Air Force in the ZI and overseas for the period 1 July 1957 through 30 June 1958. These technicians assist the Air Force in the maintenance of the aircraft and its Auto Pilot. The Auto Pilot technicians are Lear Inc. personnel under subcontract to Lockheed.
3. During negotiation of the rates for these Auto Pilot technicians Lockheed quoted the same rates that they were being paid under Contract No. SC-56 for Project support. Under the procedures established for support of the Agency project, the Contractor's representatives assumed the cost of meals and lodging in the ZI and when overseas, these items are furnished by the Government. However, it is the practice of the Air Force that the technicians assume these costs both in the ZI and overseas.
4. Accordingly, it is necessary to increase the rate for Auto Pilot Technicians performing overseas service to provide for reimbursement of the costs of meals and lodging. This increase changes the rate from \$1697.00 to \$1893.60 per man month or an increase of \$196.60 per month. However, no additional funds are being placed in the contract at this time.
5. Certification of funds for this contract will be handled under the procedure approved by the Director of Central Intel-

ligence on 15 December 1956, which in effect results in all 10(b) expenses involving issuance of Treasury Checks being accumulated in a separate account within the Finance Division. The amounts in this account will be periodically scheduled for certification of the vouchers by the Director. This procedure eliminates the necessity for a separate certification of authority under Section 10(b) of Public Law 110, 81st Congress, for each contract.

6. Approval of Amendment No. 4 to Contract No. SC-58 and execution thereof on behalf of the Agency by the authorized Project Contracting Officer is recommended.
